

A timely, topical, comprehensive certificate training program for maritime professionals

offered by

ISF Group International

on

EU-MRV & IMO-DCS

Regulations & Compliance

A program to help you develop complete understanding and practical knowhow for accurate implementation of the latest regulations.

Date: 25th and 26th March 2019

City: Istanbul, Turkey

Venue: Evliya Çelebi Mah. Tersaneler Cad. No:26/1, 34944

Tuzla/İstanbul, Turkey

Why attend this program?

Target Participants:
Superintendents,
Vessel Managers,
Technical Supervisors

January 2019 will bring in the need for all shipping companies to commence the submissions for verification and reporting as per the requirement of EU MRV (Monitoring, Reporting, Verification) regulations. The important dates are 30th April 2019: deadline to provide the final verified emission report to the Commission, and 30th June 2019: for Document of Compliance on-board each ship. The IMO DCS (Data Collection System) too comes into force on the 1st January 2019.

It thus becomes imperative that all maritime professionals with shipping companies, who are involved in related activities, have a comprehensive understanding of the regulations and the procedures to follow for submission, verification and reporting.

ISF Group International, an ISF Group company which has extensive expertise in training of nearly two decades, jointly with the leading, accredited Verifier of EU MRV “VERIFAVIA Shipping” offers a comprehensive training program for the shipping industry.

Course Objectives

On completion of the program, the participant will be able to:
